

CAREERS & MANAGEMENT – CAM

L3 FISA – SEMESTER 5

MODULE 1 – MARKETING 4 CAREERS EVALUATION

2026-2027

Two graded pieces, each marked out of 20

DIGITAL E-PORTFOLIO

/20

- ✓ **What:** your e-portfolio, built on six tabs
- ✓ **When:** built from Session 1 to 6, online by Thursday 3 December 2026, 6 p.m.
- ✓ **How:** marked out of 20 — points add up; the Career tab weighs the most
- ✓ **Feedback:** an individual report with your mark

ELEVATOR PITCH VIDEO

/20

- ✓ **What:** a 3-minute video (± 30 s), Now – Past – Future
- ✓ **When:** recorded after Session 5, uploaded with your e-portfolio
- ✓ **How:** marked out of 20 — points add up
- ✓ **Rule:** a pitch read or recited scores zero

Both grades are individual. English is not marked. Everything else is formative — but every session produces a piece of your portfolio or your pitch.

Your planning: four stages, one destination

Session by session: what you produce

#	Session	You leave with...	Lands in
1	Evaluation and self-marketing	Your draft UVP (product, brand, UVP) and a Now – Past – Future pitch outline	Welcome tab · pitch
2	Market research: My Job Glasses, LinkedIn	Two interviews booked, one real job ad chosen, LinkedIn updated	Career tab
3	Creating your brand with an e-portfolio	Six tabs set up; Welcome, Passions and Civic Engagement drafted	All six tabs
4	Written communication masterclass (Thierry Bosch)	One project written with the Class 4 method; CV and cover letter upgraded for the job ad	Projects · Career
5	Developing your brand through oral communication	Pitch rehearsed and recorded: 3 mobility projects, 2 interviews, your UVP	Pitch · Mobility tab
6	Review and upload	Portfolio checked tab by tab, every link tested, video uploaded	GRADED — 3 Dec.

DIGITAL @PORTFOLIO:

Everything lands in six tabs on 3 December

Six tabs · one voice · the Career tab weighs the most

- ✓ Six tabs, all present and alive: an empty tab is noticed.
- ✓ One project from N7 or from your company, and the specialty you are aiming for.
- ✓ Personalised: your photos, your projects, your company — not a template left intact.
- ✓ In your own English: it is not marked, but machine translation and placeholder text are penalised.

Your Career tab: three items online by 3 December

1

Job ad + CV + cover letter — one real ad, CV and letter upgraded for it, in English AND in French

2

LinkedIn® profile — up to date, current position as apprentice

3

Two My Job Glasses® interviews — who, why, what you learnt

TIP

Choose the job ad first

Your CV, your cover letter, your LinkedIn headline and the Future part of your pitch should all point towards it. Your two interviews test it with professionals.

Deadline: Thursday 3 December 2026, 6 p.m., on Moodle. The interviews must be held outside your family, your apprenticeship supervisor and your team.

Elevator pitch: your checklist

- ☐ **Now:** N7 student AND apprentice — your company, your role, your current missions.
- ☐ **Past (brief):** what led you to N7, and why you chose the apprenticeship route.
- ☐ **Future goals:** near, mid and long term — a role, a sector, a skill.
- ☐ **Three mobility projects:** destination, reasons, and how each one fits with your employer.
- ☐ **Your two My Job Glasses interviews:** what each professional taught you.
- ☐ **Next steps and UVP:** what you will do in the next 6–12 months; one sentence on what makes you different, the same as in your CV and LinkedIn.
- ☐ **3 minutes ($\pm$ 30 s), in English:** natural, enthusiastic, clearly structured.

Zero trap: a pitch read from a script or the screen, or recited by heart, scores 0/20.

From template to portfolio: four steps, climbed in order

Not a grading scale — a way to see where you stand. Each step only works if the ones below it are there.

Step 1 Present

six tabs, every link
working

Step 2 Personal

your voice, your
photos, your company

Step 3 Concrete

names, dates, results, a
real job ad

Step 4 Coherent

one UVP in CV, letter,
LinkedIn, pitch

The non-negotiables: check before you upload

- ☐ **Six tabs online:** Welcome, Projects, Career, Mobility, Passions, Civic Engagement.
- ☐ **On time:** e-portfolio and pitch on Moodle by Thursday 3 December 2026, 6 p.m.
- ☐ **Career tab:** the job ad, the tailored CV and the cover letter all visible.
- ☐ **LinkedIn:** profile up to date and linked from the portfolio.
- ☐ **Two My Job Glasses interviews** written up: who, why, what you learnt.
- ☐ **Pitch:** 3 minutes (± 30 s), in English, spoken — not read, not recited.
- ☐ **Every link opens** from another device — no dead link, no private setting.
- ☐ **No placeholder text**, no unedited machine translation.

What makes the difference

Personal

- ✓ Your photos, not stock images
- ✓ Written in the first person
- ✓ Your company and missions named
- ✓ Passions that say something about you
- ✓ A pitch that sounds like you

Concrete

- ✓ Names, dates, results — not adjectives
- ✓ A job ad you would really apply for
- ✓ A letter that answers the ad point by point
- ✓ Mobility with a destination and a period
- ✓ What each interview taught you

Coherent

- ✓ One UVP in CV, letter, LinkedIn and pitch
- ✓ Mobility linked to your goals
- ✓ Interviews that shape your choices
- ✓ Next steps for the next 6–12 months
- ✓ Six tabs, one story

Five traps that cost the most

A read or recited pitch

Scores 0/20 for the pitch, whatever its content.

An empty or template tab

Six tabs means six tabs with real content.

A generic CV and cover letter

They must be upgraded for the job ad you chose.

Dead links or a late upload

Test every link from another device before 3 December, 6 p.m.

Machine translation or placeholder text

Write your own English: it is not marked, copy-paste is.

Key milestones to put in your diary now

Class 2

Explore to book your two My Job Glasses® interviews when you will come back in November

Class 5

Job ad chosen, CV and cover letter upgraded

Class 6

Every tab and every link checked

Thu. 3 Dec. 2026 – 18.00

E-portfolio and elevator pitch online (both graded)
